

DRAFT 06/15/11

The following changes have been made to *School IPM 2015*. Trivial changes not substantially affecting technical content or interpretation are not reported.

Version 2.0, TBA

General

- Revised language several commenters considered inflammatory and unnecessary, e.g., changed “toxic pesticides” to “pesticides” throughout.

Acknowledgements.

- Acknowledged those unable to participate in the initial development meeting due to funding and logistical constraints.
- Acknowledged additional commenters.

Foreword

- New section, explains PMSPs and provides link to IPM Centers website

Chapter 1. Executive Summary

- Added references including to documented pest and pesticide reductions in schools and other public buildings.
- Added definition and references to the IPM continuum, and to Table 2.1 which describes high-level IPM for schools.

Chapter 2. Introduction

- Added description of IPM continuum and references, and moved Table 2.1 from Chapter 4 to clarify description of ‘high-level IPM’.
- Updated school enrollment figures.
- Added original citations for association between asthma and pests and pesticides.
- Updated school legislation reference.

Chapter 3. Priorities

- Added links to regional and Arizona priorities.

Chapter 4. Strategic Plan

- Updated objectives and timeline to reflect completed and outstanding objectives.

Chapter 5. Reworded introduction for clarity. Added explanations for several unfamiliar terms.

Chapter 6. Overview of Pest Management in Schools

- Added box elder bugs, turf fungal diseases to Table 6.1.

Chapter 7. Management Zones

- Substantially revised Table 7.1, pesticides section related to posting and notification, and preferred pesticides.

Chapter 8. Pest Specific

- Revised cautions on use of pesticides in introduction to section.
- Revised table sub-headings to emphasize products listed are examples only.
- Revised bat, bird sections substantially to reflect detailed comments received. Minor revisions to other sections.
- Added bed bug section.
- Changed title of section on occasional invaders to reflect inclusion of other infrequent pests.
- Turf and landscape section: Added comments re C3 vs. C4 turfgrass species. Added multiple citations to use of compost, compost tea.

Appendix B. School Pest Management-related Legislation by State

- Updated version inserted.

Appendix C. School Report Card

- Revised to indicate less-than-annual frequency, with next circulation planned by 2012.

Appendix D. Glossary

- Added entries for bioremediation, endophyte, swarm.

Appendix K. State and Regional IPM Contacts

- Updated contact information.

Appendix F. References

- Added several new references.

Version 1.1, published on 2/26/09

Chapter 3. Regulatory Priorities. Removed references to specific legislation.

Chapter 4. Strategic Plan. 2008 Priorities. Removed reference to specific legislation.

Chapter 4. Strategic Plan. Advocacy Groups Sector. Removed references to specific legislation.

Chapter 8. Pest-Specific Information. Bats. References. Added "Batty About Bats".
